

Connect to NBI Remote Desktop Services

Linux

1

Install FreeRDP v2 or newer:

```
sudo apt install freerdp2-x11
```

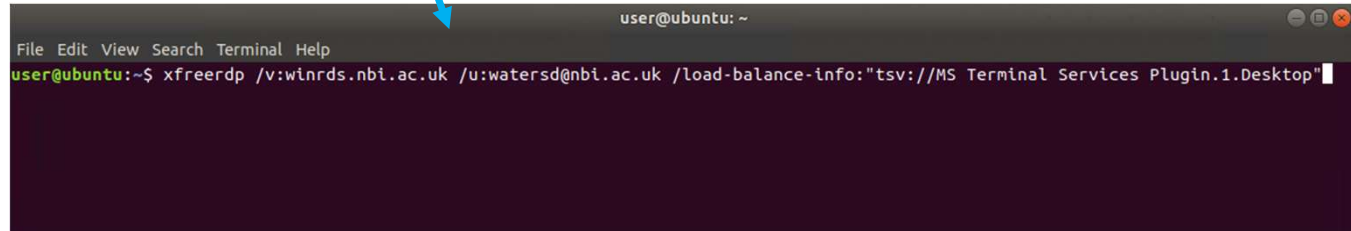

```
user@ubuntu: ~  
File Edit View Search Terminal Help  
user@ubuntu:~$ sudo apt install freerdp2-x11
```

2

Launch FreeRDP from the Terminal using this command

```
xfreerdp /v:winrds.nbi.ac.uk /u:username@nbi.ac.uk /load-balance-info:"tsv://MS Terminal Services Plugin.1.Desktop"
```

```
user@ubuntu: ~  
File Edit View Search Terminal Help  
user@ubuntu:~$ xfreerdp /v:winrds.nbi.ac.uk /u:watersd@nbi.ac.uk /load-balance-info:"tsv://MS Terminal Services Plugin.1.Desktop"
```

3

FreeRDP will launch a full Windows desktop session where you can access a Windows environment and popular software.
